### Section 4: Acknowledgement of Understanding

The signature below indicates the Principal Investigator requesting the material understands the following:

- The recipients must maintain possession of any NCI Patient-Derived Models material at all times. Specifically, recipients may not transfer material to any other party without written approval by the NCI.
- NCI Patient-Derived Models material is solely for non-commercial research purposes.
- NCI Patient-Derived Models material is not for use in human subjects.
- NCI Patient-Derived Models material is human biological material and may contain infectious agents and therefore, will be handled appropriately.
- The PDMR cannot fill requests for specific tumor pieces in a model; cryopreserved fragments and cellular fractions will be selected randomly from the distribution lot and sent to the recipient.
- Partial cost recovery remittance must be made **by check** made out to the “**Leidos Biomedical Research.**” Funds will subsequently be deposited with the National Cancer Institute.
